شركة سماح للمقاولات المحدودة
SAMAH CONSTRUCTION COMPANY LTD.

SAMAH CONSTRUCTION CO.

Samah Construction Company was established in the Kingdom of Saudi Arabia in 2012 as an extension of the founders' accumulated expertise in the contracting and construction sector, which originally began in the Hashemite Kingdom of Jordan in 2002. The company was founded with a vision centered on delivering integrated construction solutions in accordance with the highest standards of quality and efficiency, keeping pace with the rapid developments in the regional construction industry.

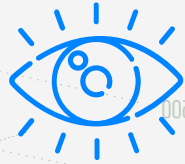

Since its establishment, the company has continued its steady path of growth and expansion, becoming one of the capable companies in executing projects with high efficiency across various sectors of general contracting and construction. This has been achieved through a distinguished professional record filled with achievements and diverse experiences throughout the Kingdom of Saudi Arabia and the Gulf region. Samah Construction Company specializes in executing construction and building projects, providing integrated engineering solutions for both the public and private sectors. Its scope of work includes residential, commercial, administrative, and industrial projects in addition to infrastructure developments, public facilities, governmental buildings, educational and healthcare facilities, and commercial complexes.

The company relies on highly qualified technical and engineering professionals, including a distinguished team of engineers, technicians, and administrators with extensive expertise and competence. The execution teams operate under a professional system based on precise planning and effective management to ensure project delivery at the highest quality standards and within the specified timeframes.

Samah Construction Company is also committed to applying the highest standards of quality, safety, and sustainability across all its projects, driven by its dedication to achieving client satisfaction and building long-term partnerships founded on trust, commitment, and credibility.

Over the years, the company has successfully strengthened its position within the Gulf contracting market through the execution of diverse projects with exceptional professionalism and efficiency, making it a trusted choice for government entities and private sector clients seeking an execution partner with the expertise and capability to deliver projects according to the highest engineering and technical standards.

Company Strategy

VISION

Our vision is for Samah construction Company to become a leading and prestigious company in the field of construction at both the local and regional levels in the Arab Gulf and the Middle East. We aim to achieve excellence in all aspects of our work and be the preferred choice for clients and partners in our industry, We are committed to continuously improving our performance, delivering high-quality projects, and maintaining strong relationships with our stakeholders, By upholding these standards, we strive to build a reputation as a trusted and reliable company in the construction and contracting sector.

MISSION

We execute major projects according to the best international practices and methodologies, ensuring exceptional quality, precision, and high design standards for all stakeholders across various sectors, This is achieved by leveraging our deep understanding of the local environment and harnessing the expertise and capabilities of our experienced and qualified staff, We strive to deliver added value to our clients, effectively contributing to the achievement of their construction project goals.

Strategic Goals

شركة سماح للمقاولات المحدودة
SAMAH CONSTRUCTION COMPANY LTD.

Excellence and leadership

The company aims to achieve excellence and leadership in field of construction and contracting, It strives to become the preferred and leading company in the market by delivering high-quality services through innovation and excellence in executing major projects in the contracting sector.

Geographic expansion

Within its geographical scope of operations, both at the local & regional levels, the company seeks to expand its customer base and execute projects in new areas, It aims to establish strategic partnerships with new clients and partners in the Arab Gulf and the Middle East, By exploring new markets and forging alliances, the company aims to enhance its presence and strengthen its position in these regions.

Innovation and technology

we consider innovation and the use of advanced technology as integral parts of our strategy, We aim to adopt new technologies and tools to improve our operations, increase efficiency, and enhance quality, We strive to leverage modern technologies, methods, and scientific approaches to stay at the forefront of industry advancements. By embracing innovation, we can deliver better results and meet the evolving needs of our clients and the market.

Governing Values

Samah construction Company is governed by a set of values that have become one of the basic pillars of our work and that have made Samah an entity that deals with its customers with confidence.
